WhatEvery1Says Human Subjects Research

The following will be displayed on the first screen of the Qualtrics survey.

PURPOSE OF STUDY:

This survey is part of the WhatEvery1Says research project. We are asking you to take part in our study because we are trying to learn more about what people think about the humanities. A key ambition of our project is to understand how different communities relate to and speak about the humanities, with the ultimate goal of crafting advocacy materials informed by such research. You are being asked to participate in a survey, which consists mainly of questions about your educational experiences and perspectives, particularly in relation to the humanities. You must be 18 or older to participate. There are no foreseeable risks to this study. You will also not benefit directly from it, nor will you receive compensation.

All participants who choose to provide their names and contact information at the end of the survey will be entered in a raffle to win one of ten gift cards (five with a \$50 value and five with a \$20 value). However, all of your answers will be coded by an identifying number rather than your name, and your name will not be attached to your responses in any way. Only people who are directly involved with the project will have access to these records. When the project is finished and results are reported, no individual will be identified in any way.

Your participation is voluntary. You can decline to participate, and you can stop your participation at any time, if you wish to do so, without any negative consequences to you.

If you have any questions or concerns about the research, please feel free to contact Lindsay Thomas, Principal Investigator, at 305-284-5589 or lindsaythomas@miami.edu.

If you have questions regarding your rights as a research participant, contact the University of Miami, Human Subject Research Office at 305-243-3195.
